

Governance Framework

YOUR GUIDE AND TEMPLATE FOR INNOVATION GOVERNANCE

Our Clients' Pain Points

Lost track of innovation management process

Lost track of actual work in the system

Under-utilization of the ITONICS Innovation OS

No reporting
structure

Everyone
is AO

No transparency
on work / tasks

What exactly
to do?

No definition of
accountability

Who is doing
that?

No process of
communication

Who am I
waiting for?

Why You Need a Governance Framework

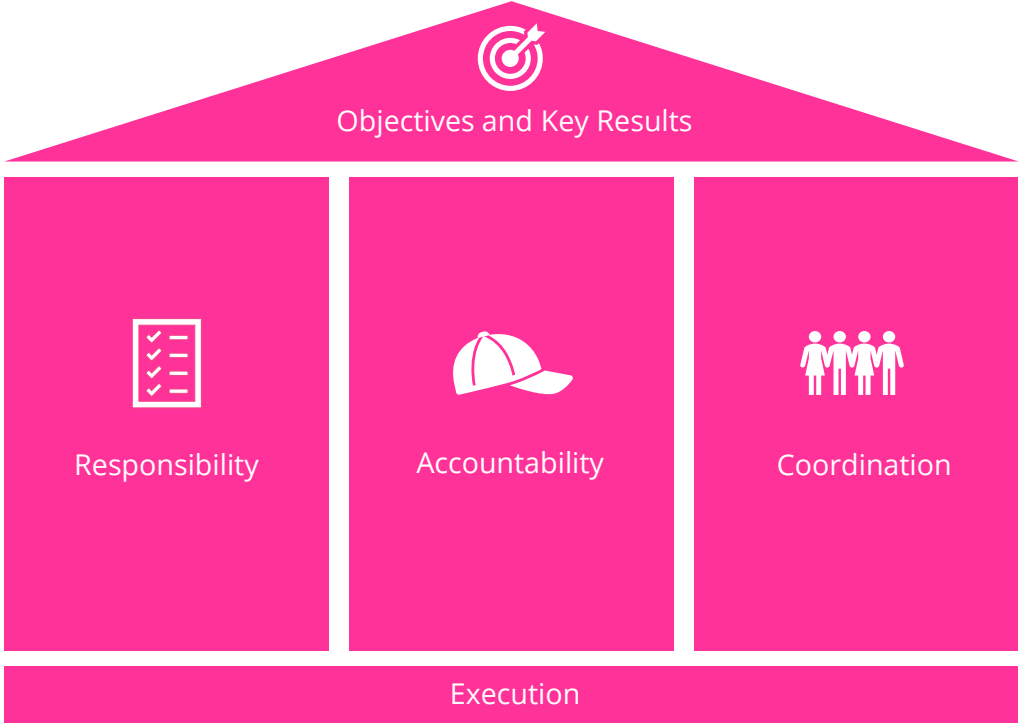

A governance framework is crucial for modern governance and operations; it directs how individuals engage with the innovation process, along with regulators, and with stakeholders in order to carefully manage and monitor activities.

A good governance framework should answer the following questions:

- How decisions are made
- Who makes them
- Who is held accountable
- How outcomes are tracked and monitored

Structure	Process	Communication	Accountability
<ul style="list-style-type: none">✓ Clear goals✓ Core team definition	<ul style="list-style-type: none">✓ Clear process flow✓ Clear roles✓ Clear responsibilities<i>Clear task definition</i><i>what, when, how</i>	<ul style="list-style-type: none">✓ Chain of information✓ Passing of information	<ul style="list-style-type: none">✓ Who

Governance Framework

Responsibility	Regularity	Work Load	Relevance	Format	Accountability
What are the tasks to be done?	How often / When / KPI?	How many hours need to be invested?	Why this is important?	How to do?	Who are people accountable for this?

Key Questions

1. What are the tasks to be done in the ITONICS Innovation OS?
2. Who is accountable for which task?

Governance Framework

Role	Responsibility	Regularity	Work Load	Relevance	Format	Accountability
<i>What are roles in the process?</i>	<i>What are the tasks to be done?</i>	<i>How often / When / KPI?</i>	<i>How many hours need to be invested?</i>	<i>Why this is important?</i>	<i>How to do?</i>	<i>Who are people accountable for this?</i>
